Important for New Fencers

The time listed for each event is the time of close of registration. You must be checked in at the registration desk by this time. The competition will begin 15 - 30 minutes later.

The time between close of registration and the beginning of the competition is used to create pools from the registration lists.

How is a competition run?

1. POOLS – Fencers are divided into pools (groups) of up to 8 fencers. Fencers in each pool fence everyone in their pool once. The first person to reach 5 points in a bout wins. At the end of the round of pools all fencers are ranked by wins and point differential.
2. DIRECT ELIMINATION (DE) – Fencers are seeded into a playoff according to their rankings from pools. Depending on the age of the fencers 10 or 15 points are required to win a bout. **Please do not leave until you have lost a direct elimination bout.** The top 4 finishers should stay to receive medals.
