Important for New Fencers

The time listed for each event is the time of close of registration. You must be checked in at the registration desk by this time. The competition will begin 15 - 30 minutes later.

The time between close of registration and the beginning of the competition allows time for the technical director to organize the registered fencer lists into pools and to allocate referees.

How is a competition run?

1. POOLS – Fencers are divided into pools (groups) of up to 8 fencers. Fencers in each pool fence everyone in their pool once. The first person to reach 5 points in each bout wins the bout. At the end of the round of pools all fencers are ranked according to their wins and losses.
2. DIRECT ELIMINATION (DE) – Fencers compete according to their rankings from pools. Depending on the age of the fencers 10 or 15 points are required to win a bout. If the fencer wins their first DE he/she continues on to the next DE, until there is a single winner. If a fencer loses a DE bout, he/she is eliminated from the competition and will be given a final ranking accordingly. **IT IS IMPORTANT THAT FENCERS DO NOT LEAVE UNTIL THEY HAVE BEEN ELIMINATED FROM A DIRECT ELIMINATION BOUT.** Final placements will be determined from the direct elimination rounds and medalists should stay to receive their medals (top 4 finishers).
